PROFESSIONAL EXPERIENCE

PHOENIX AFTERGLOW – Burlington, MA

Software Developer

Mar 2022 – Present

- Design, develop and establish user-friendly, responsive, SEO optimized live websites and web-based applications using technologies such as HTML, CSS, JavaScript, JQuery, Bootstrap, Sass, React, NextJS, and NodeJS for 36 local and nation-wide businesses that led to their improved marketing and an average increase of 14% in profit margins
- Building products and offering solutions that improve online marketing for businesses in industries such as: Specialty Trade Contractors, Retailers, Restaurants, Health & Wellness, Hospitality, Real Estate, Home Improvement, Travel, etc
- Integrated back-end eCommerce into websites for 3 local businesses with full shopping cart and payment functionalities that greatly improved the business owner and their client's user experiences
- Resolved major issue with a client's past eCommerce solution which caused their business to lose an average of \$1200 per month in shipping costs over the last few years
- Revamped company procedures and workflows including revising company's HR policies, SOPs, onboarding, building high-end work PCs, upgrading software, and introducing industry relevant tools for increased productivity and functionality during each project's life cycle such as GitHub, Figma, Teams, Jira and other Atlassian products

WALGREENS BOOTS ALLIANCE INTERNATIONAL/CO. – Greater Boston, MA

Manager of Pharmacy and Retail

Sep 2007 – May 2019

- Managed 25 direct reports including Assistant Managers, Supervisors, Pharmacy Managers, Technicians, etc.
- Coached multiple Management Trainees through passing company university work assignments where key ideas and strategies were later implemented in the company's future initiatives and the mentorship also led to their promotions
- Created efficient training procedures, templates, guidelines and tools used district wide which resulted in increased leadership engagement, improved on-boarding and an average employee retention increase by 25%
- Exceeded customer Net Promoter Score (75%+) & Rx patient care (78%+) targets 2 years in a row

District Project Manager

- Provided overall project management, strategy and oversight on major transformation project in merger with U.K. company that resulted in promotion to Manager of Pharmacy and Retail
- Participated in 12 district meetings involving scope, cost, and timing to meet company and stakeholder expectations
- Communicated with at least 8 vendor teams, small contractors and mid to large sized suppliers located on and offsite to accomplish project results successfully within the given time frame

PROJECTS

LIVE: <https://erikmoxley.github.io/fs-test-ek> • **SOURCE:** <https://github.com/ErikMoxley/fs-test-ek>
